

VITAL PETS CLUB

Give your puppy the best start to their life

At Roundwood Vets, we believe preventing disease is a far better way of helping your puppy stay fit, comfortable, happy and healthy. That's why we've created the Vital Pets Club.

We know beyond any doubt certain actions will help improve the longevity and quality of your puppy's life.

These preventative actions are cheaper than any medical or emergency care:

1. Regular vaccinations to prevent viral diseases
2. Parasite² prevention to stop killer diseases like lung worm
3. Feeding high quality puppy food
4. Regular growth and wellbeing checks with a nurse.

Sounds simple, right? But we know most puppies don't get these basics. So we've created the Vital Pets Club to make sure every puppy owner has easy access to the best puppy care at an affordable price.

What are the benefits?

- ✓ Save money with free consults, discounts on microchipping, neutering and in pet shop
- ✓ Spread the cost of payments evenly throughout the year
- ✓ Vet and nurse consultations included¹
- ✓ Improve the longevity and quality of your puppy's life

Which plan is best for me?

We have three plans² available. The plan best suited to your puppy is based on your puppy's adult size. Our healthcare team will help choose the correct plan for your puppy.

VITAL PET START

ADULT SIZE ⁶	SMALL	MEDIUM	LARGE
ANNUAL VACCINES ³	✓	✓	✓
ROUTINE FLEA AND WORMER TREATMENT ⁴	✓	✓	✓
UNLIMITED NURSE TELEMED CONSULTATIONS ¹	✓	✓	✓

DISCOUNT ON MICROCHIPPING & NEUTERING	10%	10%	10%
COST PER MONTH	£33.50	£36.50	£40.50

How does it work?

A Vital Pets Club membership lasts for 12 months. All you have to do is choose the plan best suited for your puppy and register via PetsApp. Then book in for an appointment with the vet and we'll create a tailored health plan for the year.

To make it as easy as possible for you, we'll also send you reminders when important health events are due, like worming or vaccinations.

Join the club

To register for the Vital Pets Club, speak to a member of the Roundwood Vets team, either in practice or on the phone. They'll help you choose the best option for you and your puppy. Once you've chosen your plan, they'll send you a link³ via PetsApp. Follow the easy on-screen instructions and once completed, you can take advantage of your club membership immediately.
